

Upgrading the Abode

Directions: Using the grid paper as a floor of your space, select and place shapes from the other pages on to the grid paper to create a floor plan of your space. The shapes on the pages are symbols for different pieces of furniture you want to add to your space.

Use scissors to cut out the objects you want to use, and use tape or glue to stick them onto the grid paper.

Note: write the name of the furniture on the shape so you don't forget what it is!

Here is an example of a floor plan:
